## Global Finance Names The World's Best Supply Chain Finance Providers 2018

NEW YORK, January 17, 2018 – *Global Finance* magazine has announced its eleventh annual rankings for the World's Best Supply Chain Finance Providers in an exclusive survey to be published in the February 2018 issue. The global winners for the overall best Supply Chain Finance Providers (Bank and Non-Bank) will be revealed at an awards luncheon on January 17th in London during the BAFT Global Annual Meeting.

*Global Finance's* editorial review board—with input from industry analysts, corporate executives and technology experts—selected the best providers of supply chain finance and management services. A variety of subjective and objective criteria were used for choosing the winners. Factors considered included: market share and global coverage, product innovation, customer service, technology, execution skills and client-specific implementations.

“New technologies have had dramatic impact on supply chain finance, where digitalization is powering vast improvements in speed and accuracy of information. Our Supply Chain Finance Awards home in on the leaders and upstarts with the most interesting and best ideas for easing their clients through transformative innovations to new levels of efficiency and profitability,” said Joseph D. Giarraputo, publisher and editorial director of *Global Finance*.
