Here is your opportunity to participate in the review process. *Global Finance* will obtain input from industry experts, corporate executives, investors and consultants. Banks and law firms are welcome to present information and perspectives that may not be readily available to *Global Finance*. Performance will be judged over the period between Q4, 2013 and Q3, 2014.

Those making submissions should provide concise information in the following areas:

1. Key financials, including earnings, ROE and market share—submit data on number and size of deals, position on league tables or other comparisons with competitors
2. Details of key capabilities and services offered, including deal-structuring capabilities, distribution network and staff dedicated to investment banking
3. Innovation in financing and new product introduction
4. Competitive pricing and after-market performance of underwritten securities
5. Business unit head name and full contact details
