

World's Best Bank Awards 2014

In May 2014, Global Finance will publish its selections for Best Banks including both Developed and Emerging Markets. *Global Finance* will select the best banks by Region in North America, Europe, Central & Eastern Europe, the Middle East, Developed Asia, Emerging Asia, Latin America and Africa, as well as in the countries listed on the following page.

Here is your opportunity to participate in the review process. *Global Finance* will obtain input from industry experts, corporate executives, professional investors and consultants. An entry is not required to be considered for an award. However, as prospective award winners know more about their capabilities than we will be able to discover, an entry always improves chances of winning. Those making submissions should provide concise information in the following areas:

1. Key financials, including total assets, asset growth, market share, ROE and earnings—submit data to describe the scale of your banking operations, including any league tables or other comparisons with competitors
2. Details of key capabilities and services offered
3. Geographical range
4. Details of any recent or planned significant developments, such as mergers, acquisitions, new launches, etc.
5. Customer service—submit customer endorsements (Global Finance may make further contacts for additional information)
6. Technology—examples of leading-edge technology deployment
7. CEO name and full contact details.

Submissions should be made no later than February 24, 2014 and sent to:

Katharine Frey email: kfrey@gfmag.com

or mail to: Global Finance 7 East 20th Street, 2F, New York, NY 10003
