Here is your opportunity to participate in the review process. *Global Finance* will obtain input from industry experts, corporate executives, investors and consultants. Banks and trading systems are welcome to present information and perspectives that may not be readily available to *Global Finance*. Performance will be judged over the period Q4 2012 through Q3 2013. It is not necessary to enter in order to win, but entries often include information that leads to an award. Those making submissions should provide concise information in the following areas:

1. Volume, market share, and scope of global coverage — submit data to describe the scale of your FX operations, including any league tables or other comparisons with competitors
2. Currencies traded and commitment to the business — submit data on the number of employees dedicated to FX, number and size of trading desks, and capabilities in specific currencies, including forwards, futures, swaps and options
3. Technology — examples of leading-edge technology deployment
4. Execution skills — examples of transactions that benefited clients, including skill in structuring transactions and advice on market positioning and hedging, as well as liquidity and the ability to handle large transactions without moving the market

Please note: Submissions should be in Word document format and should only include material that is suitable for the public domain.

NO APPLICATION FEE

Submissions should be made no later than Nov. 15, 2013 and sent to:

Katharine Frey, Email: kfrey@gfmag.com or Global Finance, 7 East 20th Street, 2nd Fl, New York, NY 10003
