Global Finance Announces The Second Annual Digital Banks Of Distinction Awards

NEW YORK, July 28, 2017 – *Global Finance* has announced the second annual winners of the Digital Bank of Distinction Awards.

These awards recognize outstanding accomplishments in digital banking made by middle-market and local banks. They honor banks that consistently provide best-in-breed solutions to their retail and corporate clients. The winners are truly among the world's best digital banks.

A full report on the Digital Bank of Distinction Award winners, along with the World's Best Digital Banks 2017, will be published in the September issue of *Global Finance*. They will also be honored at *Global Finance's* Best Digital Bank Awards dinner, which will follow the Digital Bank Conference at RSA House in London on 2 November.

"Our Digital Banks of Distinction reward excellence and innovation at financial institutions," said Joseph D. Giarraputo, publisher and editorial director of *Global Finance*. "They deliver world-class service, and this award acknowledges banks that achieve excellence beyond expectations."

Winners were chosen among entries evaluated by a world-class panel of judges at Infosys, a global leader in consulting, technology and outsourcing. *Global Finance* editors were responsible for the final selection of honorees.

Only banks that entered the competition were considered for awards, and awards were only given in those regions, countries and categories in which there were entries. Banks were sorted by asset size within regions and those from the lower half of the asset ranking were eligible for the Digital Bank of Distinction Awards.

The full list of *Global Finance's* 2017 Digital Bank of Distinction award winners follows on the next page.
