METHODOLOGY

With input from industry analysts, corporate executives and technology experts, *Global Finance* selects the winners based on objective and subjective factors. Our criteria include transaction volume, market share, global coverage, customer service, competitive pricing and technology. Decisions are informed by provider submissions, with input from our Panel of Experts. Performance will be judged over the period Q4 2015 through Q3 2016.

ENTRY PREPARATION

Take advantage of this opportunity to participate in the review process.

We strongly urge banks and other providers to submit entries for the appropriate countries and categories. We also encourage providers to partner with their corporate partners to submit or collaborate on entries for the new Corporate FX Awards. These strategies will greatly increase the chance of getting your deserved recognition.

It is not necessary to enter in order to win, but experience shows entries increase the chance of success. In many cases, entrants are able to present information and perspectives that may not be readily available to the editors of *Global Finance*. All submissions are strictly confidential.

Submissions for *Global Finance's* Foreign Exchange Providers Awards should provide concise information in the following areas:

1. Volume, market share, and scope of global coverage, along with any league tables or other comparisons with competitors.
2. Commitment to the business — submit (year-on-year) data on resource allocation to the FX business, the number of employees dedicated to FX and the number and size of trading desks.
3. Technology — examples of leading-edge technology deployment.
4. Execution skills — examples of transactions that benefited clients, including skill in structuring transactions and advice on market positioning and hedging, as well as liquidity and the ability to handle large transactions without moving the market.
5. Please provide the name/contact details of your global head of Foreign Exchange.
6. Please fill out and include the requested information on the final page to ensure that your submission is processed properly.
