Global Finance's Central Banker Report Cards 2018

NEW YORK, August 13, 2018 — *Global Finance* magazine has released its Central Banker Report Cards 2018.

The Central Banker Report Cards, published annually by *Global Finance* since 1994, grade the central bank governors of 85 key countries as well as the European Union, the Eastern Caribbean Central Bank, the Bank of Central African States and the Central Bank of West African States

For the first time, central bankers from the following countries and regions have been added to the list: Bahamas, the Bank of Central African States, the Central Bank of West African States, the Eastern Caribbean Central Bank, Georgia, and Trinidad and Tobago.

Grades are based on an "A" to "F" scale for success in areas such as inflation control, economic growth goals, currency stability and interest rate management. ("A" represents an excellent performance down through "F" for outright failure.) Subjective criteria also apply.

Global Finance publisher and editorial director Joseph Giarraputo notes, "Central bankers are confronting a perfect storm of challenges, from unwinding quantitative easing to shielding economies from political upheavals. Our scorecards for these public finance leaders show who is maintaining control and moving forward, and who is struggling against slippery political or economic changes."

The full Central Banker Report Cards 2018 report will appear in *Global Finance's* October issue.

The Central Bankers earning an "A" grade in the *Global Finance* Central Banker Report Card feature in the October issue are:

Australia	Philip Lowe
Chile	Mario Marcel Cullell
European Union	Mario Draghi
Israel	Karnit Flug
Kuwait	Mohammad Yousef Al-Hashel
Lebanon	Riad Salameh
Morocco	Abdellatif Jouahri
