

Global Finance Announces The Sustainable Finance Award Honorees 2021

NEW YORK, August 10, 2021 - *Global Finance* has announced its selections for the inaugural 2021 Sustainable Finance Awards. Honorees have been chosen in multiple categories globally and across the following regions: Africa, Asia-Pacific, Central & Eastern Europe, Latin America, the Middle East, North America and Western Europe. A full report on *Global Finance's* Sustainable Finance Awards will be published in the September print and digital editions and online at GFMag.com.

This new awards program recognizes global and regional leadership in Sustainable Finance—funding for initiatives designed to mitigate the negative impacts of climate change and help build a more sustainable future for humanity.

“Scientists have warned with increasing urgency that we must face the realities of climate change with innovation and adaptability,” said *Global Finance* publisher and editorial director Joseph Giarraputo. “All such efforts require funding, and the financial and corporate communities are stepping up to provide the means. Our awards will honor those who stand out.”

Winners were chosen by the editors of *Global Finance*, based on entries, which were required for consideration, as well as independent research. Criteria for evaluation included governance policies and goals as well as measurable achievements in environmental and social sustainability financing. This awards program focuses on activities from May 2020 to April 2021. There was no fee for participation.

Honorees have been chosen in areas such as sustainability financing overall, community support, resource management, transparency & reporting, infrastructure, supply chain finance and emerging-markets sustainability funding. Honors will also be awarded to excellence in bond issues: Green for environmental efforts, Blue for ocean preservation, Social for citizen and community initiatives, and Sustainable, which combine both green and social elements.

Global Finance's awards and recognition programs are the trusted standard of excellence for the financial industry. They are backed by a 34-year history of editorial accuracy and integrity. *Global Finance's* corporate and financial audience relies on these awards because they are credible and reliable.

The list of winners of *Global Finance's* Sustainable Finance Awards 2021 follows.
