

Global Finance Names the World's Safest Banks 2013 in Asia

NEW YORK, August 26, 2013 — *Global Finance* magazine has named the **Safest Banks in Asia** in an exclusive survey to be published in the October 2013 issue. Winners were selected through an evaluation of long-term credit ratings—from Moody's, Standard & Poor's and Fitch—and total assets of the 500 largest banks worldwide.

Singaporean banks dominate the list once again this year, taking the top three positions, and South Korean banks also perform well, with three in the top ten.

The full report evaluates the safest banks in Western Europe, Central and Eastern Europe, Asia, the Middle East, North America, Latin America and Australasia.

"Bank counterparty assessment has become an intrinsic part of the job of a CFO and treasurer," says *Global Finance* publisher Joseph D. Giarraputo. "*Global Finance's* Safest Banks ranking provides an objective tool for benchmarking and analysis of regional banks."
